

## Lighted or Reflective Armband Distribution Log

Florida's Pedestrian and Bicycle Strategic Safety Plan defines pedestrians and bicyclists as vulnerable road users. Many pedestrian and bicycle crashes resulting in serious or fatal injuries occur at night or during twilight hours. These crashes are overrepresented in lower socioeconomic areas.

The purpose of this distribution program is to provide lighted or reflective armbands to pedestrians and bicyclists who do not have access or the ability to purchase similar items to improve their visibility when walking or biking at night.

This document serves as written assurance that to the best of your ability the lighted or reflective armbands provided to you by the program will be distributed free of charge to traditionally underserved, transportation disadvantaged populations in priority areas identified by the FDOT Safety Office.

We appreciate your commitment to making your community safer one pedestrian and bicyclist at a time!

Signature/Certification that this distribution is in compliance with the requirements above:

organization that this distribution is in	r compilarios with the requir	Ciricin			
Event Coordinator Name:		1	Distributing Agency/Organization:		
Event Coordinator Name:		1	Event/Activity Title:		
County Distributed In:	Zip Code(s):	1	Event/Activity Target Audience:
