

# Bicycle Light Signature Form

Thank you for participating in the Bicycle Light Distribution Program. Florida's Pedestrian and Bicycle Strategic Safety Plan defines bicyclists as vulnerable road users. The purpose of this distribution program is to provide lights to bicyclists who ride at night without a bicycle light, and who do not have access to or the ability to purchase a light for themselves.

**This document serves as written assurance that to the best of your ability the bicycle light kits provided by the program will be distributed free of charge to traditionally underserved, transportation disadvantaged populations.**
